Guidelines for RE-Submission of your Senior Thesis:

Once you have received your final grade for your paper, you will have the option to rewrite it based on my comments. Your revised paper grade will REPLACE your original grade. In order for your re-submission to be accepted, you must follow the guidelines below exactly.

- **Deadline:**
- Submit in the class inbox, or email .doc file to me.
- Stapled, Double-sided (or emailed)
- Submit your draft together with *both* your previous draft and the graded rubric
- Your final draft must demonstrate improvement between drafts
- Note: you'll have to 'save as' your old draft to distinguish it between the old and new!!!
 - I will not be commenting on revised drafts, and the revised grade will replace your original grade

Important: Annotations on your final draft are strongly recommended (it does not have to be a clean draft). Feel free to highlight, underline, or draw arrows to specific points made, new evidence used, new phrasing etc. *Your final grade depends in a large part on your ability to show growth between drafts in the categories I have outlined in the rubric.*
